Dear Future Coalition Task Force Member,

Thank you for your support and interest in joining our Food Importers and Foreign Food Manufacturer's Coalition Task Force to fight FDA's new food import fees. We look forward to working with you closely in order to make your concerns known to FDA.

As you have heard from us, FDA has begun implementing its new fee schedule as of October 1, 2011! We will be pursuing comment submissions to FDA regarding this program by the end of the month. FDA is accepting comments until October 31, 2011. Throughout the month of October our Coalition Task Force is dedicating an immense amount of time working with Coalition Members to ensure all concerns are addressed in a persuasive and effective manner.

The Coalition Task Force is prepared to move forward with submitting comments to FDA opposing the new imported food re-inspection fee schedule.

There are three ways to participate in our Coalition Task Force efforts:

1. **Coalition Standard Member**. When signing on to become a Standard Member of the coalition, you will become part of a single movement and voice. You will benefit from the unity of the Coalition Comment submitted as one group.

Our fee for joining as a Standard Member is **\$1,000**.

2. **Coalition Premium Member**. Premium Members are offered a more personalized comment submission. Within the Coalition Comment, Premium Members are given the opportunity to voice their personal concerns in response to FDA's proposed fees. Part of the Coalition Comment will be dedicated to individualizing Premium Member concerns.

Our fee for joining as a Premium Member is **\$1,750**.

3. **Coalition Private Member.** Private Members of the coalition enjoy the benefits of being part of the unified Coalition Comment submission. In addition, Private Members are offered individualized comment submissions. FDAImports.com, LLC will work with Private Members on an individual level to submit separate comments to FDA. Individual comments will be submitted by FDAImports.com, LLC directly on behalf of the Private Member (individual or company).

Our fee for joining as a Private Member is **\$3,000**.

I urge you to contact the Food Importer and Foreign Food Manufacturer [Coalition Task Force](#) with any questions about our memberships. I also encourage you to inform your business partners and colleagues about FDA's fee implementation. We are prepared to support your efforts in addressing FDA's overly broad interpretation of the law which forms the basis for fees related to activities that do not even include inspection of food at any stage.

We encourage you to stand with us and with other members of the international food industry. Don't let FDA abuse its enforcement authority by burdening the food industry and consumers with fees that fall far outside FDA's jurisdiction under the law.

Join the Coalition Task Force today.

Sincerely,

Ben England
